

# Math 250: Ordinary Differential Equations

## Section 007 Syllabus Supplement

### Spring, 2022

When: Monday, Wednesday, Friday, 12:10 - 13:10  
Where: Willard 258  
Teacher: Timothy Reluga  
Office: 424 McAllister  
Email: [treluga@psu.edu](mailto:treluga@psu.edu)  
Campus Phone: 5-3883  
Office hours: Monday 1:30 - 2:30 or by appointment  
Course Web directory: <http://personal.psu.edu/tcr2/250>

### Common Syllabus

There is a common syllabus that applies to all sections of Math 250. See [http://www.math.psu.edu/treluga/250/course\\_syllabus.pdf](http://www.math.psu.edu/treluga/250/course_syllabus.pdf) Details of examinations, grading, and the course timeline are provided there.

### Grading

As described on the Syllabus, 150 points of the 500 course points will be awarded based on your work in this section. 100 points will be from homework, and 50 points will be from quizzes.

### Exams

There will be a final exam (TBA), and two mid-term exams, February 16th and March 23rd, 18:15-19:30. Please check your schedules. If you have a time-conflict, you will need to let us know and we will deal with it accordingly.

### Homework

Homework will be assigned and collected on the Wednesday of each week. Each homework will be available on the web directory above.

### Quizzes

There will be 6 in-class quizzes. These will be given on January 21, February 4, February 25, March 18, April 8, and April 22. Each quiz will be 10 points, your lowest quiz score will be dropped.
